Join us for an epic wildlife safari in one of the best places left on earth: Tanzania! This trip has been, by far, our most popular offering ever and it has sold out quickly every time we’ve had the pleasure of going. It is, to put it simply, a wonderful trip, and it has never failed to be an extraordinary, once-in-a-lifetime, experience. This may be our last safari for a couple of years, so don’t miss this opportunity for one of the most rewarding and exciting journeys of your life!

Your African safari begins when you step off the plane in Arusha and load into your 4-wheel drive vehicle for the short trip to your lodge where you will spend your first two nights. Sleep late on your first morning in this lush highland region before your first game drive in Arusha National Park, including a canoe safari on Little Momella Lake.

On your second full day in Africa you travel to the stupendous Tarangire National Park. Boasting the greatest concentration of wildlife outside of the Serengeti, Tarangire is full of elephant herds, mammals, birds and predators, all in search of the dwindling water supply that can still be found in the Tarangire River. You’ll spend two nights enjoying this classic African landscape. The next four nights will surely stay with you forever as you enter the vast and incomparable Serengeti National Park. After a stop at Olduvai Gorge you get four full days on safari in this most spectacular of Tanzania’s parks. Find yourself among thousands of migrating wildebeest, zebra, gazelle, cheetah, elephants, leopards, giraffe, ostrich, numerous prides of lion, 500 species of bird and countless other forms of life which will be sharing the mesmerizing Serengeti Plain with you. With four nights at a bush camp in the center of the park you’ll enjoy exhilarating game drives by day and relaxing conversations by the campfire at night in this extraordinary place.

Your African adventure concludes with a short trip to the lovely Karatu Highlands where you will spend the next three nights. You will spend a full-day in one of the most unique locations on earth, the incomparable Ngorongoro Crater for a game drive and a hike along the rim; and then enjoy a full-day visiting the nomadic Hadzabe tribe to learn about their hunting techniques and their way of life in this challenging environment. Your day with the Hadzabe is not something you are likely to forget anytime soon…

Then it’s a short trip back to Arusha for your flight home, but the wonders of Tanzania will be with you always.

Join us for what is, truly, a trip of a lifetime.

Itinerary

June 17—Depart the USA
June 18—Arrive at Kilimanjaro airport and transfer to the lovely Lake Duluti Lodge for a late dinner and a welcome night’s rest.
June 19—Arusha National Park
Enjoy a leisurely breakfast at the lodge. Afterwards you’ll receive a pre-safari briefing before driving to Arusha National Park where you can expect to see zebras, giraffes, elephants, monkeys, hyenas, flamingos, baboons and more. You’ll then have a picnic lunch before setting out on your canoe safari on Little Momella Lake where you may see cape buffalo, giraffe, cranes and hippos.
June 20-21—Tarangire National Park
The spectacular Tarangire National Park has the largest herds of elephant on earth, countless baobab trees and the rugged landscape filled with wildlife that you imagine when you think “Africa,” and your lodge provides one of the best views in the whole country.
June 22-25—Serengeti National Park
On your way to the Serengeti you will visit Olduvai Gorge, one of the most important paleoanthropological sites in the world, and then drive into the park where your next four nights will be spent at a remote bush camp. From your prime location on the plain you will be right in the middle of the action for game drives, following the wildebeest migration, and enjoying an intimate connection with the wilds of Africa.
June 26-28—Ngorongoro Crater / Karatu Highlands
Three nights at the lovely Ngorongoro Farmhouse allows you to visit the stupendous Ngorongoro Crater, spending an entire day on the floor of the crater following the herds, tracking animals, and marveling at the beauty of this unique and exhilarating environment. You will also experience a full-day excursion into the dry and starkly beautiful Lake Eyasi region with cultural visits to the nomadic Hadzabe people, and a village of the Datoga tribe, to learn about their dramatically different, yet intricately connected, ways of life.
June 29—Today you travel back to Arusha to catch your flight home.
June 30—Arrive in USA

Important Information

Everyone is welcome to join us. Though there is very little walking on this trip Tanzania is nevertheless a rugged land. Please honestly evaluate your physical abilities and your willingness to accept travel conditions in a developing country. The people of Tanzania are absolutely delightful, and your lodging will be very nice, very clean, and very comfortable. The food will be delicious far beyond your expectations and you will be well fed everywhere you go. At all of the safari lodges you will be in close proximity to wild animals, and the night sounds will be genuine. We don’t want you to be unhappy, so please understand that the realities of travel in Africa are wonderfully unique; and rewarding beyond description.

All transfers will be in 4-wheel drive vehicles with driver/guides. No vehicle will contain more than five travelers so everyone will have a window seat and plenty of room in the roof-top opening for game viewing. We have tried to minimize long travel distances, but some time spent on dusty, bumpy roads are inevitable, and a vital part of the adventure.

Please note: Group size will be limited to 24 persons in order to ensure a quality experience.
